Name?

now give them a smooch
and send them to bed
unless they're awful

tell me about ur oc
vol 1

At what kind of event
would they humiliate
themselves? How?

Who have they betrayed?
Does the other person know
it happened?

Where's the place they'll
NEVER go back to? What
happened there?

Who are they on-again
off-again with? What
pushes them apart each
time?

What topic makes them
go quiet? Could that
ever change?
